

# EA-MPower™

## Advanced Pomegranate Ellagic Acid Phospholipid Complex

### OVERVIEW

**EA-MPower™** is R&T's next-generation pomegranate extract, standardised for high-purity Ellagic Acid and enhanced with phospholipid complex technology to significantly improve absorption, stability, and biological activity.

### KEY HIGHLIGHTS

- High-purity Ellagic Acid
- Phospholipid-bound for enhanced bioavailability
- Supports Urolithin A formation

### HEALTH BENEFITS

- Supports mitochondrial energy renewal [1]
- Promotes healthy ageing and longevity [1]
- Enhances skin elasticity and radiance [2]
- Reduces oxidative and inflammatory stress [3-4]
- Maintains cardiovascular and cellular health [5]

### INNOVATION BY R&T

**EA-MPower™** integrates high-purity pomegranate actives with advanced phospholipid technology, establishing a new standard for bioavailable botanical ingredients
